THE TWELVE STEPS AND TWELVE TRADITIONS

Step 2: Came to believe that a Power greater than ourselves could restore us to sanity.

Few indeed are the practicing alcoholics who have any idea how irrational they are, or seeing their irrationality, can bear to face it. Some will be willing to turn themselves "problem drinkers", but cannot endure the suggestion that they are in fact mentally ill. They are abetted in this blindness by a world which does not understand the difference between sane drinking and alcoholism. "Sanity" is defined by "soundness of mind". Yet no alcoholic, soberly analyzing his destructive behavior, whether the destruction fell on the dining room furniture or his own moral fiber, can claim "soundness of mind" for himself/

Therefore, Step 2 is the rallying point for all of us. Whether agnostic, atheist, or former believer, we can stand together on this Step. True humility and an open mind can lead us to faith, and every A.A. meeting is an assurance that God will restore us to sanity if we rightly relate ourselves to Him.

-The Twelve Steps and Twelve Traditions, pgs. 32 & 33

Tradition 2: For our group purpose there is but one ultimate authority—a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants; they do not govern.

Where does A.A. get its direction? Who runs it? This, too, is a puzzler for every friend and newcomer. When told that our Society has no president having authority to govern it, no treasurer who can compel the payment of any dues, no board of directors who can cast an erring member into outer darkness, when indeed no A.A. can give another a directive and enforce obedience, our friends gasp and exclaim, "This simply can't be. There must be an angle somewhere." These practical folk then read Tradition Two and learn that the sole authority in A.A. is a loving God as He may express Himself in the group conscience. They dubiously ask an experienced A.A. member if this really works. The member, sane to all appearances, immediately answers, "Yes! It definitely does!" The friends mutter that this looks vague, nebulous, pretty naïve to them. Then they commence to watch us with speculative eyes, pick up a fragment of A.A. history, and soon have solid facts.
